PMD SYSTEM

9-phase product development methodology. Every project ships with a full PM artifact suite.
Artifact #22b · Living Document

Where brilliant ideas become shipped products.

PROFILE

CPA and MBA with a systems-thinking mindset and deep business fluency, transitioning into software product management through a structured, documentation-driven build journey. Building a portfolio of shipped products — each running the full PM lifecycle from Discovery through Measure & Iterate — with progressive technical complexity and documented PM artifacts at every stage. Uniquely positioned to bridge business strategy, analytical rigor, and technical execution.

PM COMPETENCIES

✓ Product Requirements Documents (PRD)	✓ User Story Writing & Acceptance Criteria	✓ Roadmap Development (Now/Next/Later)
✓ RICE & MoSCoW Prioritization	✓ Persona Development & Empathy Mapping	✓ Jobs-to-be-Done (JTBD) Framework
✓ Competitive Analysis & Market Research	✓ OKR Definition & KR Tracking	✓ A/B Test Design & Statistical Significance
✓ Funnel Analysis & Activation Optimization	✓ AARRR Metrics Framework	✓ Go-to-Market Planning & Launch Execution
✓ Agile / Scrum Methodologies	✓ Stakeholder Communication & Alignment	✓ Information Architecture (IA) Design

PROJECT PORTFOLIO

P0 — PMD Portfolio Shell — thepmdev.com

✓ Shipped

Portfolio Project · Foundation · Full nine-phase PMD cycle
Designed and shipped a personal PM portfolio site through all nine PMD phases: Discovery, Research, Strategy, Roadmap, PRD, Wireframe, Build, Launch, and Measure. Deployed to thepmdev.com via Netlify CI/CD. WCAG 2.2 Level AA confirmed.

- Deployed live portfolio at thepmdev.com
- 16 professional PM artifacts produced
- WCAG 2.2 AA accessibility confirmed
- GA4 + Clarity instrumentation live
